Protect your business with Naq
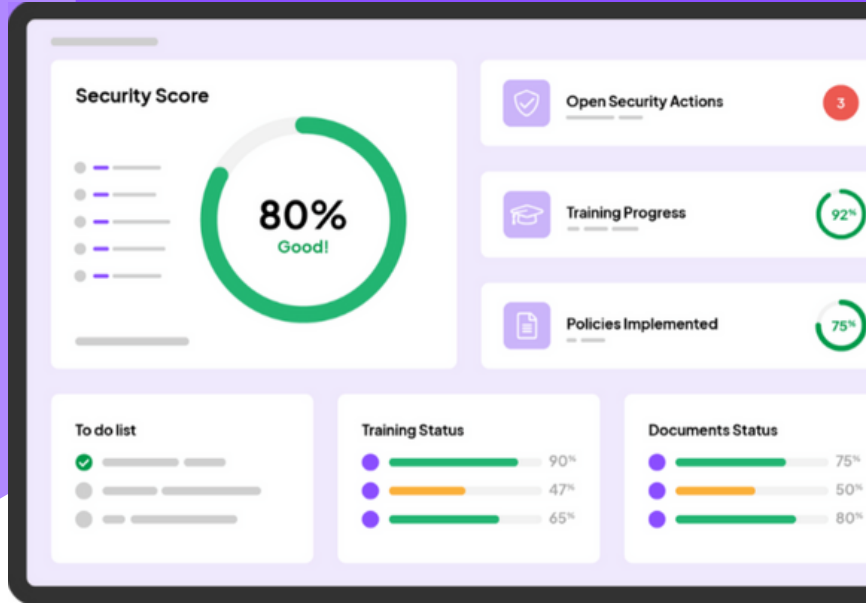

GDPR compliance and cybersecurity are **essential**. With a Naq subscription, they become **easy**.

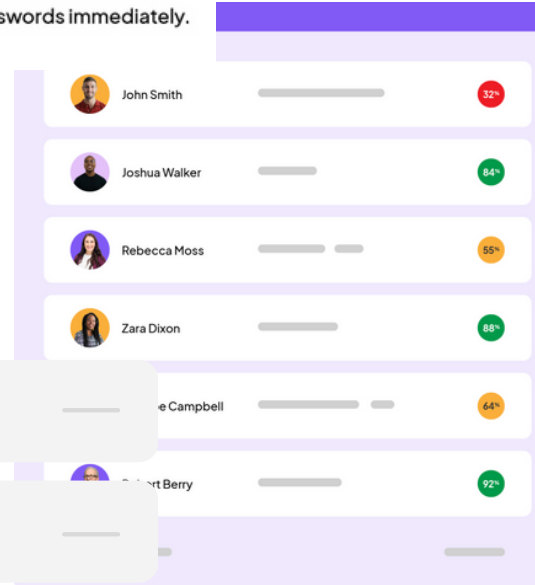

naq.

What is Naq?

Naq takes care of your business's data compliance, cyber security, and staff security training at an affordable cost.

✔️ Easily achieve Full EU & UK GDPR Compliance

✔️ Protect your business against cyber attacks

✔️ Train your staff to keep your business secure

✔️ Get incident response when you need it most

Our offer for Integro Customers

Naq's easy-to-use platform provides all the tools you need to protect your business data for less. Integro customers can now get the Naq platform for an exclusive price of £75 per month. This pricing includes:

GDPR compliance: Achieve GDPR in minutes with policies tailored to your business. Track, sign & manage all your business' GDPR policies directly within your own Naq dashboard.

Cyber Security: Naq will monitor your websites, applications and the dark web, revealing the areas of your business at risk of a cyber-attack and exactly how to secure them.

Staff Training: The Naq dashboard will train your staff to recognise and report on attempted cyber security incidents, protecting your business through jargon-free training courses.

Ready to protect your business?

To take advantage of this exclusive £75 per month offer (normally £199), contact **sales@naqcyber.com** and ask about our Intergo & Naq offer.
